THE NEWMAR LEGACY

50 years, built one by one.

Driven to engineer and build the highest-quality RVs the world had ever seen, Marvin Miller and Marvin Newcomer founded Newmar Corporation in 1968.

The pair set up shop in the small Midwest woodworking town of Nappanee, Indiana, where they discovered the people who would establish Newmar as a leading RV manufacturer over the next half century. Artisans and engineers, product designers and quality-control experts to whom being the best is more important than being the biggest.

As we move toward 100 years as a company, our products will continue to evolve. But one thing that will never change is our commitment to hand-crafting excellence, one coach at a time.
